Complete Report Card

Institution Information

Name of Institution: Coe College
Institution/Program Type: Traditional
Academic Year: 2015-16
State: Iowa
Address: 1220 1st Ave, NE
Cedar Rapids, IA, 52402
Contact Name: Dr. Christine Wolfe
Phone: 319-399-8263
Email: cwolfe@coe.edu

Is your institution a member of an HEA Title II Teacher Quality Partnership (TQP) grant awarded by the U.S. Department of Education? (http://www2.ed.gov/about/offices/list/oiiltqpl/index.html)

No

If yes, provide the following:
   Award year:
   Grantee name:
   Project name:
   Grant number:
   List partner districts/LEAs:
   List other partners:
   Project Type:

Section 1.a Program Information

List each teacher preparation program included in your traditional route. Indicate if your program or programs participate in a Teacher Quality Partnership Grant awarded by the U.S. Department of Education as described at http://www2.ed.gov/about/offices/list/oiiltqpl/index.html.

<table>

Total number of teacher preparation programs: 1

Section 1.b Admissions

Indicate when students are formally admitted into your initial teacher certification program:
Sophomore year some later

Does your initial teacher certification program conditionally admit students?
Yes

Provide a link to your website where additional information about admissions requirements can be found:
https://sites.google.com/a/coe.edu/teacher-education-department/

Please provide any additional comments about or exceptions to the admissions information provided above:
Requirements for admission include: 2.7 GPA overall, 2.7 EDU GPA, 2.7 Major GPA, meet minimum score requirements on basic skills tests (CBASE or Praxis I), positive recommendations from faculty, minimum 2 education core courses on campus.

Section 1.b Undergraduate Requirements

Please provide the following information about your teacher preparation program’s entry and exit requirements. (§205(a)(1)(C)(i))

Are there initial teacher certification programs at the undergraduate level?

Yes

If yes, for each element listed below, indicate if it is required for admission into or exit from any of your teacher preparation program(s) at the Undergraduate level.

What is the minimum GPA required for completing the program?

What was the median GPA of individuals completing the program in academic year 2015-16

Please provide any additional comments about the information provided above:

Section I.c Enrollment

Provide the number of students in the teacher preparation program in the following categories. Note that you must report on the number of students by ethnicity and race separately. Individuals who are non-Hispanic/Latino will be reported in one of the race categories. Also note that individuals can belong to one or more racial groups, so the sum of the members of each racial category may not necessarily add up to the total number of students enrolled.

For the purpose of Title II reporting, an enrolled student is defined as a student who has been admitted to a teacher preparation program, but who has not completed the program during the academic year being reported. An individual who completed the program during the academic year being reported is counted as a program completer and not an enrolled student.

Additional guidance on reporting race and ethnicity data.

| Total number of students enrolled in 2015-16: | 57 |
| Unduplicated number of males enrolled in 2015-16: | 18 |
| Unduplicated number of females enrolled in 2015-16: | 39 |

Section I.d Supervised Clinical Experience

Provide the following information about supervised clinical experience in 2015-16.

| Average number of clock hours of supervised clinical experience required prior to student teaching: | 100 |
| Average number of clock hours required for student teaching: | 490 |
| Average number of clock hours required for mentoring/induction support: | 0 |
| Number of full-time equivalent faculty supervising clinical experience during this academic year: | 5 |
| Number of adjunct faculty supervising clinical experience during this academic year (IHE and PreK-12 staff): | 2 |
| Number of students in supervised clinical experience during this academic year: | 29 |

Please provide any additional information about or descriptions of the supervised clinical experiences:

Student teachers are supervised at least once a week with joint meetings with student teachers, cooperating teachers and supervisors at the beginning, middle and end of the placement. Students involved in pre-student teaching supervised clinical experiences are visited by college faculty several times throughout the clinical experience.

Section I.e Teachers Prepared by Subject Area

Please provide the number of teachers prepared by subject area for academic year 2015-16. For the purposes of this section, number prepared means the number of

Section I.e Teachers Prepared by Academic Major

Please provide the number of teachers prepared by academic major for academic year 2015-16. For the purposes of this section, number prepared means the number of program completers. "Academic major" refers to the actual major(s) declared by the program completer. An individual can be counted in more than one academic major. If no individuals were prepared in a particular academic major, please leave that cell blank. (§205(b)(1)(H))

Section I.f Program Completers

Provide the total number of teacher preparation program completers in each of the following academic years:

2015-16: 28
2014-15: 25
2013-14: 25

Section II Annual Goals - Mathematics

Each institution of higher education (IHE) that conducts a traditional teacher preparation program (including programs that offer any ongoing professional development programs) or alternative route to state credential program, and that enrolls students receiving Federal assistance under this Act, shall set annual quantifiable goals for increasing the number of prospective teachers trained in teacher shortage areas designated by the Secretary or by the state educational agency including mathematics, science, special education, and instruction of limited English proficient students. (§205(a)(1)(A)(ii), §206(a))

Information about teacher shortage areas can be found at http://www2.ed.gov/about/offices/list/ope/pol/tsa.html.

Please provide the information below about your program’s goals to increase the number of prospective teachers in mathematics in each of three academic years.

Academic year 2015-16
Did your program prepare teachers in mathematics in 2015-16?
Yes
How many prospective teachers did your program plan to add in mathematics in 2015-16?
2
Did your program meet the goal for prospective teachers set in mathematics in 2015-16?
Yes
Description of strategies used to achieve goal, if applicable:
1) Stronger collaboration with Math Department faculty, particularly new faculty member with a background in math teaching courses for elementary ed majors at a D1 school.
2) More structured presentation in introductory courses about how to minor in secondary ed (with a major in math).
3) New math methods instructor. Currently in the field (1st teacher), the elementary math methods instructor revitalized the class.

Academic year 2016-17
Is your program preparing teachers in mathematics in 2016-17?
Yes
How many prospective teachers did your program plan to add in mathematics in 2016-17?

4
This year, we had 1 student in our secondary program with a math major and an education minor, and 1 student in our elementary major program with an emphasis (endorsement) in math. The students licensed in elementary education are qualified to teach through eighth grade. Consequently, we offer the students the option to do an eight-week student teaching placement at the middle school (grades 6, 7, and 8) in order to broaden their expertise. This allows the candidate to enter the job market with strong skills in math. Two students, one with a math major/secondary education minor and one student with a K-6 Elementary Education major with a K-8 Math endorsement had planned to student teach in spring 2017 but delayed student teaching to fall 2017.

In addition to other factors mentioned above, we use more directed guidance of clinical observations. In the early field experiences (primarily observation), students were placed in classrooms randomly. We have worked closely with districts to see that our student candidates get to spend time with strong teachers in their discipline. Students return from the initial clinical observations more enthusiastic for the profession, often being encouraged by a teacher in the discipline to forge on.

Academic year 2017-18

Will your program prepare teachers in mathematics in 2017-18?

Yes

How many prospective teachers does your program plan to add in mathematics in 2017-18?

6

Section II Annual Goals - Science

Each institution of higher education (IHE) that conducts a traditional teacher preparation program (including programs that offer any ongoing professional development programs) or alternative route to state credential program, and that enrolls students receiving Federal assistance under this Act, shall set annual quantifiable goals for increasing the number of prospective teachers trained in teacher shortage areas designated by the Secretary or by the state educational agency including mathematics, science, special education, and instruction of limited English proficient students. ([§203(a)(1)(A)(ii), §206(a)])

Information about teacher shortage areas can be found at http://www2.ed.gov/about/offices/list/ope/ptsas.html.

Please provide the information below about your program's goals to increase the number of prospective teachers in science in each of three academic years.

Academic year 2015-16

Did your program prepare teachers in science in 2015-16?

Yes

How many prospective teachers did your program plan to add in science in 2015-16?

1

Did your program meet the goal for prospective teachers set in science in 2015-16?

Yes

Description of strategies used to achieve goal, if applicable:

Description of steps to improve performance in meeting goal or lessons learned in meeting goal, if applicable:

Provide any additional comments, exceptions and explanations below:

We continue to reach out to the academic departments to encourage faculty to send students interested in teaching to talk to us about potential opportunities.

Academic year 2016-17

Is your program preparing teachers in science in 2016-17?

Yes

How many prospective teachers did your program plan to add in science in 2016-17?

2

Provide any additional comments, exceptions and explanations below:

We continue to reach out to the academic departments to encourage faculty to send students interested in teaching to talk to us about potential opportunities.

Academic year 2017-18

Will your program prepare teachers in science in 2017-18?

Yes
How many prospective teachers does your program plan to add in science in 2017-18?

1

Section II Annual Goals - Special Education

Each institution of higher education (HE) that conducts a traditional teacher preparation program (including programs that offer any ongoing professional development programs) or alternative route to state credential program, and that enrolls students receiving Federal assistance under this Act, shall set annual quantifiable goals for increasing the number of prospective teachers trained in teacher shortage areas designated by the Secretary or by the state educational agency including mathematics, science, special education, and instruction of limited English proficient students. (§205(a)(1)(A)(ii), §206(a))

Information about teacher shortage areas can be found at http://www2.ed.gov/about/offices/list/ope/pol/tsa.html.

Please provide the information below about your program's goals to increase the number of prospective teachers in special education in each of three academic years.

Academic year 2015-16

Did your program prepare teachers in special education in 2015-16?

No

How many prospective teachers did your program plan to add in special education in 2015-16?

Provide any additional comments, exceptions and explanations below:

Description of strategies used to achieve goal, if applicable:

Description of steps to improve performance in meeting goal or lessons learned in meeting goal, if applicable:

Provide any additional comments, exceptions and explanations below:

Section II Assurances

Please certify that your institution is in compliance with the following assurances. (§205(a)(1)(A)(iii), §206(b)) Note: Be prepared to provide documentation and evidence for your responses, when requested, to support the following assurances.

Preparation responds to the identified needs of the local educational agencies or States where the program completers are likely to teach, based on past hiring and recruitment trends.

Yes

Preparation is closely linked with the needs of schools and the instructional decisions new teachers face in the classroom.

Yes

Prospective special education teachers are prepared in core academic subjects and to instruct in core academic subjects.

NA

Prospective general education teachers are prepared to provide instruction to students with disabilities.

Yes

Prospective general education teachers are prepared to provide instruction to limited English proficient students.

Yes

Prospective general education teachers are prepared to provide instruction to students from low-income families.

Yes

Prospective teachers are prepared to effectively teach in urban and rural schools, as applicable.

Yes

Describe your institution's most successful strategies in meeting the assurances listed above:

With the liberal arts general education model, students must take college-level courses in math, science, social science, and the humanities (history/English). Candidates are well-prepared in all core academic subjects. We place students in clinical experiences in schools with 50%+ low socio-economic status; rural and urban schools; and schools with at least fifteen known languages spoken by students at home. We track candidates' multiple field experiences in our database to ensure they have a variety of clinical placements based on student demographics.

Section III Assessment Pass Rates

No assessment pass rates have been reported.

Please note that pass rates will be provided to Westat by the state or the testing company or companies (or entities). You do not need to upload or submit any files for this section.

You will be notified via email once pass rates have been uploaded. Please be sure to review the pass rates for accuracy once they are uploaded. Westat expects to receive and upload pass rate files for most programs by mid-April.

Section III Summary Pass Rates

No summary pass rates have been reported.

Please note that pass rates will be provided to Westat by the state or the testing company or companies (or entities). You do not need to upload or submit any files for this section.

You will be notified via email once pass rates have been uploaded. Please be sure to review the pass rates for accuracy once they are uploaded. Westat expects to receive and upload pass rate files for most programs by mid-April.

Section IV Low Performing
Section IV - Low Performing

Provide the following information about the approval or accreditation of your teacher preparation program.

Is your teacher preparation program currently approved or accredited?

Yes

If yes, please specify the organization(s) that approved or accredited your program:

State

Is your teacher preparation program currently under a designation as "low-performing" by the state (as per section 207(a) of the HEA of 2008)?

No

Section V - Use of Technology

Provide the following information about the use of technology in your teacher preparation program. Please note that choosing 'yes' indicates that your teacher preparation program would be able to provide evidence upon request.

Does your program prepare teachers to:

- integrate technology effectively into curricula and instruction
  Yes
- use technology effectively to collect data to improve teaching and learning
  Yes
- use technology effectively to manage data to improve teaching and learning
  Yes
- use technology effectively to analyze data to improve teaching and learning
  Yes

Provide a description of the evidence that your program uses to show that it prepares teachers to integrate technology effectively into curricula and instruction, and to use technology effectively to collect, manage, and analyze data in order to improve teaching and learning for the purpose of increasing student academic achievement. Include a description of the evidence your program uses to show that it prepares teachers to use the principles of universal design for learning, as applicable. Include planning activities and a timeline if any of the four elements listed above are not currently in place.

A technology lab is taught concurrently with Elementary and Secondary Practicum courses. Students develop at least five learning activities that incorporate technology as a learning tool.

We are working with state consultants on a more deliberate data management plan for improving program assessment. We currently track candidates with CBAS scores, GPA, and Praxis II scores; a new assessment management system will enable us to align our data. We plan to have this in place and functioning by 2018-19.

Section VI - Teacher Training

Provide the following information about your teacher preparation program. Please note that choosing 'yes' indicates that your teacher preparation program would be able to provide evidence upon request.

Does your program prepare general education teachers to:

- teach students with disabilities effectively
  Yes
- participate as a member of individualized education program teams
  Yes
- teach students who are limited English proficient effectively
  Yes

Provide a description of the evidence your program uses to show that it prepares general education teachers to teach students with disabilities effectively, including training related to participation as a member of individualized education program teams, as defined in section 614(d)(1)(B) of the Individuals with Disabilities Education Act, and to effectively teach students who are limited English proficient. Include planning activities and a timeline if any of the three elements listed above are not currently in place.

All teacher education students are required to take an Exceptional Learners class. One of the assignments in this class is to complete an IEP; students also learn what their role will be as classroom teachers on the IEP team. We have revised the courses in our elementary education major and our reading endorsement; a new course that has been developed that will more directly address the needs of English Language Learners. Our Diagnostic Reading and Tutorial class includes substantial attention to diagnosing problems in reading skills development.

Does your program prepare special education teachers to:

- teach students with disabilities effectively
  NA
- participate as a member of individualized education program teams
  NA
- teach students who are limited English proficient effectively
  NA

Provide a description of the evidence your program uses to show that it prepares special education teachers to teach students with disabilities effectively, including training related to participation as a member of individualized education program teams, as defined in section 614(d)(1)(B) of the Individuals with Disabilities Education Act, and to effectively teach students who are limited English proficient. Include planning activities and a timeline if any of the three elements listed above are not currently in place.
Section VII Contextual Information

Please use this space to provide any additional information that describes your teacher preparation program(s). You may also attach information to this report card. The U.S. Department of Education is especially interested in any evaluation plans or interim or final reports that may be available.

In November 2016, we submitted our state accreditation report. In February 2017, we participated in our state accreditation site visit. Per Iowa Admin. Code 271.79, 8 members of a review team (current teachers, staff of the Iowa Dept of Ed, and faculty members from peer institutions in the state) spent three days on campus reviewing our program. We are working with the state consultants at this time to solidify our assessment program and data management program.
