

-Senator Reitcheck: Also on the committee we planned on Monday to empty all of Voorhees, Murray and Eby. They lost all student workers. The company we were working with is not longer emptying the recycling bins. Students need to start an appeal to administration to make changes. If it comes from students it will mean more.

-President Flores: In a case like this, if any one feels they need to, they can propose a resolution and take it to the administration.

VI. Treasurer Lincoln's Report

A. Budget and Finance day- We set a date for Budget and Finance Day. It is Saturday, November 22. Budgets and books are due Saturday November 15. If books are not turned in by then, we will withhold funding. We don't feel comfortable giving organizations money if we don't know how they are going to spend it.

B. Guidelines- Last year for Budget and Finance Day, Budget and Finance Committee made guidelines for organizations last year. There will be an open meeting next week after the Senate meeting for people to voice their opinions as we talk through this. Ultimately Budget and Finance will make the guidelines and bring them to Senate.

C. Organizational Fest. Last week NRHH's president Megan Jack came to Senate asking for some support for Org Fair. We decided we will support them for \$600. We're advertising it as a blank check. If organizations participate, we would fund something we wouldn't usually fund. Leave it up to NRHH how to use it.

VII. Corresponding Secretary Hillsman's Report

A. Senate hours- They were on Tuesday and we were on Fall Break. Brady got a response to the question about fitness center hours. They thought the fitness center should be open 24 hours with a key card access and the Racquet Center should be open until 10pm because students are busy during the day.

B. Pictures- I will be taking pictures of senators after the meeting for the Senate website.

-Senator Allen: How do you go about the Racquet Center hours? They wouldn't change until next semester.

-President Flores: Senators can propose a resolution and send it to John Chandler.

-Senator Allen: I don't understand how it was changed last from last year.

-Senator Dreier: Wasn't expanding keycard access on your main platform?

-Senator Flores: It wasn't the main focus

-Senator Dreier: Is it a money issue? contract issue?

-President Flores: I met with John Chandler about the option of a key card access. There was a safety concern and the doors in Eby open up to everywhere. There are staff offices in there.

-Senator Snyder: I don't see it happening because it is probably a big liability issue.

- Senator Reitcheck: If anyone would like to help me let me know.
- Senator Allen: I will help.

XII. Old Business

A. None to report.

XII. New Business

- A. Org Fair funding
 - Treasurer Lincoln: We need feedback and perhaps a vote to give \$600 for Organizational Fest.
 - Senator Allen: We were thinking to give them \$300 for a grand prize and a \$200 prize and \$100 for other prizes.
 - Senator Lord: Where would this Org. Fest be held? There are a lot of clubs and organizations.

-Senator McKenzie: It was originally planned to be held in Lynch but if we have all organizations attend then we would have to look for other locations.
