Dear Dr. Singleton:

The Committee on Professional Training reviewed your department's 2011 periodic report. Based on the information available, the Committee concluded that the chemistry program meets all of the requirements in the ACS Guidelines and agreed to **continue approval**. The Committee commended the faculty for their good publication record with student coauthors, and the student research reports were well prepared. The Committee also praised the development of student skills and the comprehensive approach to program evaluation and assessment of student learning.

Your program's next periodic report will be due in **2018**. Please do not hesitate to contact me if you have any questions about the information in this letter or the expectations for ACS-approved programs.

Sincerely,

Cathy A. Nelson
Secretary
Committee on Professional Training
