Is your institution a member of an HEA Title II Teacher Quality Partnership (TQP) grant awarded by the U.S. Department of Education? (https://www2.ed.gov/programs/tqpartnership/awards.html)

SECTION I: PROGRAM INFORMATION

List of Programs

On this page, review the list of teacher preparation programs offered by your institution of higher education (IHE) or organization. If you submitted an IPRC last year, this list of programs is pre-loaded from your prior year's report. If your IHE offers both traditional and alternative programs, be sure to enter the programs in the appropriate reports. For the traditional report, list all traditional programs within the IHE. For the alternative report, list all alternative programs within the IHE. You may edit, delete, and insert new rows as necessary.

After reviewing and updating as necessary, save the page using the floating save box at the bottom of the page. The system will automatically total the number of programs for you.

THIS PAGE INCLUDES:

>> Program Information

Program Information

List each teacher preparation program included in your traditional route. Indicate if your program or programs participate in a Teacher Quality Partnership Grant awarded by the U.S. Department of Education as described at https://www2.ed.gov/programs/tqpartnership/awards.html.

Teacher Preparation Programs	Teacher Quality Partnership Grant Member?	Update
Coe College	No	

Total number of teacher preparation programs: 1

Program Requirements

On this page, review and enter information about the program requirements for admission into the program, program completion, and supervised clinical experience. If you submitted an IPRC last year, much of this page is pre-loaded from your prior year's report. If your IHE offers both traditional and alternative programs, be sure to specify the requirements in the appropriate reports. For the traditional report, provide the requirements for traditional programs within the IHE. For the alternative report, provide the requirements for the alternative programs within the IHE.

After reviewing and updating as necessary, save the page using the floating save box at the bottom of the page.

THIS PAGE INCLUDES:

- >> Admissions
- >> Undergraduate Requirements
- >> Postgraduate Requirements
- >> Supervised Clinical Experience

Admissions

1. Indicate when students are formally admitted into your initial teacher certification program:

Sophomore year

▼

If Other, please specify:

- 2. Does your initial teacher certification program conditionally admit students?
 - Yes
 - No
- 3. Provide a link to your website where additional information about admissions requirements can be found:

https://sites.google.com/a/coe.edu/teacher-education-department/

4. Please provide any additional information about or exceptions to the admissions information provided above:

Requirements for admission include: 2.7 GPA overall, 2.7 EDU GPA, 2.7 Major GPA, meet minimum score requirements on basic skills test (CBASE or Praxis I), positive recommendations from faculty, minimum 2 education core courses on campus

Undergraduate Requirements

Please provide the following information about your teacher preparation program's entry and exit requirements. (§205(a)(1)(C)(i))

- 1. Are there initial teacher certification programs at the undergraduate level?
 - Yes

No

If yes, for each element listed below, indicate if it is required for admission into or exit from any of your teacher preparation program(s) at the undergraduate level. If no, leave the rest of the page blank (or <u>clear responses already entered</u>) then click save at the bottom of the page.

Element Required for Entry Required for Exit

6. Please provide any additional information about the information provided above:

Supervised Clinical Experience

Provide the following information about supervised clinical experience in 2016-17. (§205(a)(1)(C)(iii), §205(a)(1)(C)(iv))

Additional guidance on reporting supervised clinical experience and nonclinical coursework.

Average number of clock hours of supervised clinical experience required prior to student teaching	100
Average number of clock hours required for student teaching	490
Average number of clock hours required for mentoring/induction support	0
Number of full-time equivalent faculty supervising clinical experience during this academic year	4
Number of adjunct faculty supervising clinical experience during this academic year (IHE and PreK-12 staff)	5
Number of students in supervised clinical experience during this academic year	32

Please provide any additional information about or descriptions of the supervised clinical experiences:

Student teachers are supervised at least once a week with joint meetings with student teachers, cooperating teachers and supervisors at the beginning, middle and end of the placement. Students involved in pre-student teaching supervised clinical experiences are visited by college faculty several times throughout the clinical experience.

Enrollment

On this page, enter the number of candidates for an initial teaching credential who are enrolled in the initial teacher preparation programs within your institution of higher education (IHE) or organization. **Do not** report on the total number of students enrolled in the entire IHE. **Do not** include individuals who currently hold a teaching credential and are seeking additional licenses or endorsements, or individuals preparing for school-based careers other than classroom teachers (e.g., administrators, guidance counselors).

The Department recognizes that in many cases, candidates voluntarily report their race/ethnicity and gender data, and that in some cases, candidates may choose not to report this information. Please report on the race/ethnicity data you have available, though the data may not be complete. It is not expected that the sum of the enrolled students reported by race/ethnicity or by gender will necessarily equal the total number of students enrolled.

If your IHE offers both traditional and alternative programs, be sure to enter the candidates enrolled in the appropriate reports. For the traditional report, provide only the candidates enrolled in traditional programs within the IHE. For the alternative report, provide only the candidates enrolled in the alternative programs within the IHE.

After entering the enrollment data, save the page using the floating save box at the bottom of the page.

THIS PAGE INCLUDES:	
>> Enrollment	

Enrollment

For the purpose of Title II reporting, an enrolled student is defined as a student who has been admitted to a teacher preparation program, but who has not completed the program during the academic year being reported. An individual who completed the program during the academic year being reported is counted as a program completer and *not* an enrolled student.

Additional guidance on reporting race and ethnicity data.

Total number of students enrolled in 2016-17	88
Unduplicated number of males enrolled in 2016-17	36
Unduplicated number of females enrolled in 2016-17	52

Provide the number of students in the teacher preparation program in the following categories. Note that you must report on the number of students by ethnicity and race separately. Individuals who are non-Hispanic/Latino will be reported in one of the race categories. Also note that individuals can belong to one or more racial groups, so the sum of the members of each racial category may not necessarily add up to the total number of students enrolled. (§205(a)(1)(C)(ii)(H))

2016-17	Number Enrolled
Ethnicity	
Hispanic/Latino of any race	3
Race	

2016-17	Number Enrolled
American Indian or Alaska Native	0
Asian	2
Black or African American	3
Native Hawaiian or Other Pacific Islander	0
White	76
Two or more races	4

Teachers Prepared

On this page, enter the number of program completers by the subject area in which they were prepared to teach, and by their academic majors. Note that an individual can be counted in more than one academic major and subject area. For example, if an individual is prepared to teach Elementary Education and Mathematics, that individual should be counted in both subject areas. If no individuals were prepared in a particular academic major or subject area, you may leave the cell blank. Please use the "Other" category sparingly, if there is no similar subject area or academic major listed. In these cases, you should use the text box to describe the subject area(s) and/or the academic major(s) counted in the "Other" category.

If your IHE offers both traditional and alternative programs, be sure to enter the program completers in the appropriate reports. For the traditional report, provide only the program completers in traditional programs within the IHE. For the alternative report, provide only the program completers for the alternative programs within the IHE.

After entering the teachers prepared data, save the page using the floating save box at the bottom of the page.

THIS PAGE INCLUDES:

- >> Teachers Prepared by Subject Area
- >> Teachers Prepared by Academic Major

Teachers Prepared by Subject Area

Please provide the number of teachers prepared by subject area for academic year 2016-17. For the purposes of this section, number prepared means the number of program completers. "Subject area" refers to the subject area(s) an individual has been prepared to teach. An individual can be counted in more than one subject area. If no individuals were prepared in a particular subject area, please leave that cell blank. (§205(b)(1)(H))

Additional guidance on reporting teachers prepared by subject area.

What are CIP Codes?

No teachers prepared in academic year 2016-17

CIP Code	Subject Area	Number Prepared

Teachers Prepared by Academic Major

Please provide the number of teachers prepared by academic major for academic year 2016-17. For the purposes of this section, number prepared means the number of program completers. "Academic major" refers to the actual major(s) declared by the program completer. An individual can be counted in more than one academic major. If no individuals were prepared in a particular academic major, please leave that cell blank. (§205(b)(1)(H))

Please note that the list of majors includes several "Teacher Education" majors, as well as several noneducation majors. Please use care in entering your majors to ensure education-specific majors and non-education majors are counted correctly. For example, if an individual majored in Chemistry, that individual should be counted in the "Chemistry" academic major category rather than the "Teacher Education—Chemistry" category.

Additional guidance on reporting teachers prepared by academic major.

What are CIP Codes?

No teachers prepared in academic year 2016-17

CIP Code	Academic Major	Number Prepared

SECTION I: PROGRAM INFORMATION

Program Completers

On this page, enter the total number of individuals who completed the program in AY 2016-17 and the two prior academic years. If you submitted an IPRC last year, the number of program completers for the two prior academic years are pre-loaded from your prior year's report.

A program completer is a person who has met all the requirements of a state-approved teacher preparation program. Program completers include all those who are documented as having met such requirements. Documentation may take the form of a degree, institutional certificate, program credential, transcript or other written proof of having met the program's requirements. In applying this definition, the fact that an individual has or has not been recommended to the state for initial certification or licensure may not be used as a criterion for determining who is a program completer.

An individual cannot be classified as both enrolled and as a program completer at the same time. An enrolled individual is not a program completer. Once an individual has met all the requirements of a state-approved teacher preparation program and becomes a program completer, the individual is no longer classified as enrolled.

After entering the program completers, save the page using the floating save box at the bottom of the page.

THIS	S PAGE INCLUDES:		
>>	Program Completers		

Program Completers

Provide the total number of teacher preparation program completers in each of the following academic years.

2016-17	33
2015-16	28
2014-15	25

SECTION II: ANNUAL GOALS

Annual Goals

On this page, review the annual goals in each subject area listed below. If you submitted an IPRC last year, the goals you entered last year are pre-loaded from your prior year's report. Please respond to the questions to report on progress towards the goals, and set new goals for the next academic year.

After reviewing and updating as necessary, save the page using the floating save box at the bottom of the page.

THIS PAGE INCLUDES:

- >> Annual Goals Mathematics
- >> Annual Goals Science
- >> Annual Goals Special Education
- >> Annual Goals Instruction of Limited English
 Proficient Students
- >> Assurances

Annual Goals - Mathematics

Each institution of higher education (IHE) that conducts a traditional teacher preparation program (including programs that offer any ongoing professional development programs) or alternative route to state credential program, and that enrolls students receiving Federal assistance under this Act, shall set annual quantifiable goals for increasing the number of prospective teachers trained in teacher shortage areas designated by the Secretary or by the state educational agency, including mathematics, science, special education, and instruction of limited English proficient students. (§205(a)(1)(A)(iii), §206(a))

Information about teacher shortage areas can be found at https://www2.ed.gov/about/offices/list/ope/pol/tsa.html.

Please provide the information below about your program's goals to increase the number of prospective teachers in mathematics in each of three academic years.

Academic year 2016-17

- 1. Did your program prepare teachers in mathematics in 2016-17?
 - Yes
 - No (leave remaining questions for year blank)
- 2. How many prospective teachers did your program plan to add in mathematics in 2016-17?

4

- 3. Did your program meet the goal for prospective teachers set in mathematics in 2016-17?
 - Yes
 - No
 - Not applicable
- 4. Description of strategies used to achieve goal, if applicable:
- 5. Description of steps to improve performance in meeting goal or lessons learned in meeting goal, if applicable:
- 6. Provide any additional comments, exceptions and explanations below:

The students licensed in elementary education are qualified to teach through eighth grade. Consequently, we offer the students the option to do an eightweek student teaching placement at the middle school (grades 6, 7, and 8) in order to broaden their expertise. This allows the candidate to enter the job market with strong skills in math. Two students, one with a math major/secondary education minor and one student with a K-6 Elementary Education major with a K-8 Math endorsement had planned to student teach in spring 2017 but delayed student teaching to fall 2017. In addition to other factors

mentioned above, we use more directed guidance of clinical observations. In the early field experiences (primarily observation), students were placed in classrooms randomly. We have worked closely with districts to see that our student candidates get to spend time with strong teachers in their discipline. Students return from the initial clinical observations more enthusiastic for the profession, often being encouraged by a teacher in the discipline to forge on.

Academic year 2017-18

- 7. Is your program preparing teachers in mathematics in 2017-18?
 - Yes

No (leave remaining questions for year blank)

8. How many prospective teachers did your program plan to add in mathematics in 2017-18?

6

9. Provide any additional comments, exceptions and explanations below:

Academic year 2018-19

- 10. Will your program prepare teachers in mathematics in 2018-19?
 - Yes
 - No (leave remaining questions for year blank)
- 11. How many prospective teachers does your program plan to add in mathematics in 2018-19?

1

12. Provide any additional comments, exceptions and explanations below:

For 2018-19 we have hired a faculty member from the Business Administration department at Coe College to teach our course in mathematics comprehension. He was a high school math teacher for a number of years, and we expect that his expertise and experience will greatly benefit students preparing to teach math at the elementary level. One of our program graduates, a high school math teacher in the local area, teaches our secondary math methods course. A practicing elementary teacher likewise teaches our elementary methods course.

Annual Goals - Science

Each institution of higher education (IHE) that conducts a traditional teacher preparation program (including programs that offer any ongoing professional development programs) or alternative route to state credential program, and that enrolls students receiving Federal assistance under this Act, shall set annual quantifiable goals for increasing the number of prospective teachers trained in teacher shortage areas designated by the Secretary or by the state educational agency, including mathematics, science, special education, and instruction of limited English proficient students. (§205(a)(1)(A)(ii), §206(a))

Information about teacher shortage areas can be found at https://www2.ed.gov/about/offices/list/ope/pol/tsa.html.

Please provide the information below about your program's goals to increase the number of prospective teachers in science in each of three academic years.

Academic year 2016-17

1. Did your program prepare teachers in science in 2016-17?

No (leave remaining questions for year blank)
2. How many prospective teachers did your program plan to add in science in 2016-17?
2
3. Did your program meet the goal for prospective teachers set in science in 2016-17?
● Yes
No Not applicable
4. Description of strategies used to achieve goal, if applicable:
5. Description of steps to improve performance in meeting goal or lessons learned in meeting goal, if applicable:
We continue to collaborate with faculty colleagues in the sciences to ensure that our curriculum meets state standards and prepares teachers well. For
the coming school year we have made changes to our science curriculum for elementary teachers. Going forward students will take a lab science cours in the biological sciences or in astronomy. Doing so will complement a new emphasis on physical science in the elementary science methods course.
6. Provide any additional comments, exceptions and explanations below:
We continue to reach out to the academic departments to encourage faculty to send students interested in teaching to talk to us about potential opportunities.
Academic year 2017-18
7. Is your program preparing teachers in science in 2017-18?
Yes No (leave remaining questions for year blank)
8. How many prospective teachers did your program plan to add in science in 2017-18?
1
9. Provide any additional comments, exceptions and explanations below:
Academic year 2018-19
10. Will your program prepare teachers in science in 2018-19?
No (leave remaining questions for year blank)
11. How many prospective teachers does your program plan to add in science in 2018-19?
2
12. Provide any additional comments, exceptions and explanations below:

Yes

Annual Goals - Special Education

Each institution of higher education (IHE) that conducts a traditional teacher preparation program (including programs that offer any ongoing professional development programs) or alternative route to state credential program, and that enrolls students receiving Federal assistance under this Act, shall set annual quantifiable goals for increasing the number of prospective teachers trained in teacher shortage areas designated by the Secretary or by the state educational agency, including mathematics, science, special education, and instruction of limited English proficient students. (\$205(a)(1)(A)(ii), \$206(a))

(§205(a)(1)(A)(ii), §206(a))
Information about teacher shortage areas can be found at https://www2.ed.gov/about/offices/list/ope/pol/tsa.html .
Please provide the information below about your program's goals to increase the number of prospective teachers in special education in each of three academic years.
Academic year 2016-17
1. Did your program prepare teachers in special education in 2016-17?
Yes No (leave remaining questions for year blank)
2. How many prospective teachers did your program plan to add in special education in 2016-17?
3. Did your program meet the goal for prospective teachers set in special education in 2016-17? Yes No Not applicable
4. Description of strategies used to achieve goal, if applicable:
5. Description of steps to improve performance in meeting goal or lessons learned in meeting goal, if applicable:
6. Provide any additional comments, exceptions and explanations below:
Academic year 2017-18
7. Is your program preparing teachers in special education in 2017-18? Yes No (leave remaining questions for year blank)

- 8. How many prospective teachers did your program plan to add in special education in 2017-18?
- 9. Provide any additional comments, exceptions and explanations below:

Academic year 2018-19
10. Will your program prepare teachers in special education in 2018-19?
Yes No (leave remaining questions for year blank)
11. How many prospective teachers does your program plan to add in special education in 2018-19?
12. Provide any additional comments, exceptions and explanations below:
Annual Goals - Instruction of Limited English Proficient Students
Each institution of higher education (IHE) that conducts a traditional teacher preparation program (including programs that offer any ongoing professional development programs) or alternative route to state credential program, and that enrolls students receiving Federal assistance under this Act, shall set annual quantifiable goals for increasing the number of prospective teachers trained in teacher shortage areas designated by the Secretary or by the state educational agency, including mathematics, science, special education, and instruction of limited English proficient students (§205(a)(1)(A)(ii), §206(a))
Information about teacher shortage areas can be found at https://www2.ed.gov/about/offices/list/ope/pol/tsa.html .

No

7. Prospective teachers are prepared to effectively teach in urban and rural schools, as applicable.
Yes No
8. Describe your institution's most successful strategies in meeting the assurances listed above:
With the liberal arts general education model, students must take college-level courses in math, science, social science, and the humanities (history/English). Candidates are well-prepared in all core academic subjects. We place students in clinical experiences in schools with 50%+ low socio-economic status; rural and urban schools; and schools with at least fifteen known languages spoken by students at home. We track candidates' multiple field experiences in our database to ensure they have a variety of clinical placements based on student demographics.

5. Prospective general education teachers are prepared to provide instruction to limited English proficient students.

6. Prospective general education teachers are prepared to provide instruction to students from low-income families.

i. is your teacher	preparation	program	currently	approved of	accredited?

Yes

No

If yes, please specify the organization(s) that approved or accredited your program:

✓ State

NCATE

TEAC CAEP

Other specify:

2. Is your teacher preparation program currently under a designation as "low-performing" by the state (as per section 207(a) of the HEA of 2008)?

Yes

No

SECTION V: USE OF TECHNOLOGY

Use of Technology

On this page, review the questions regarding your program's use of technology. If you submitted an IPRC last year, this section is pre-loaded from your prior year's report; please review and update as necessary.

After reviewing and updating as necessary, save the page using the floating save box at the bottom of the page.

TH	IS PAGE INCLUDES:
>>	Use of Technology

Use of Technology

1.	Provide the following information about the use of technology in your teacher preparation program. Please note that choosing	'yes' indicates that
	your teacher preparation program would be able to provide evidence upon request. (§205(a)(1)(F))	

Does your program prepare teachers to:

- a. integrate technology effectively into curricula and instruction
 - Ye
 - No
- b. use technology effectively to collect data to improve teaching and learning
 - Yes
 - No
- c. use technology effectively to manage data to improve teaching and learning
 - Yes
 - No
- d. use technology effectively to analyze data to improve teaching and learning
 - Yes
 - No
- 2. Provide a description of the evidence that your program uses to show that it prepares teachers to integrate technology effectively into curricula and instruction, and to use technology effectively to collect, manage, and analyze data in order to improve teaching and learning for the purpose of increasing student academic achievement. Include a description of the evidence your program uses to show that it prepares teachers to use the principles of universal design for learning, as applicable. Include planning activities and a timeline if any of the four elements listed above are not currently in place.

A technology lab is taught concurrently with Elementary and Secondary Practicum courses. Students develop at least five learning activities that incorporate technology as a learning tool. We are working with state consultants on a more deliberate data management plan for improving program assessment. We currently track candidates with CBASE scores, GPA, and Praxis II scores; a new assessment management system will enable us to align our data. We plan to have this in place and functioning by 2018-19.

SECTION VI: TEACHER TRAINING

Teacher Training

On this page, review the questions about how your program trains general education teachers and special education teachers. For the purposes of these questions, general education teachers means those who are not specifically prepared as special education teachers. If you submitted an IPRC last year, this section is pre-loaded from your prior year's report; please review and update as necessary.

After reviewing and updating as necessary, save the page using the floating save box at the bottom of the page.

THIS PAGE INCLUDES:	
>> <u>Teacher Training</u>	

Teacher Training

Provide the following information about your teacher preparation program. Please note that choosing 'yes' indicates that your teacher preparation program would be able to provide evidence upon request. (§205(a)(1)(G))

- 1. Does your program prepare general education teachers to:
 - a. teach students with disabilities effectively
 - Yes
 - No
 - b. participate as a member of individualized education program teams
 - Yes
 - No
 - c. teach students who are limited English proficient effectively
 - Yes
 - No
- 2. Provide a description of the evidence your program uses to show that it prepares general education teachers to teach students with disabilities effectively, including training related to participation as a member of individualized education program teams, as defined in section 614(d)(1)(B) of the Individuals with Disabilities Education Act, and to effectively teach students who are limited English proficient. Include planning activities and a timeline if any of the three elements listed above are not currently in place.

All teacher education students are required to take an Exceptional Learners class. One of the assignments in this class is to complete an IEP; students also learn what their role will be as classroom teachers on the IEP team. We have revised the courses in our elementary education major and our reading endorsement; a new course that has been developed that will more directly address the needs of English Language Learners. Our Diagnostic Reading and Tutorial class includes substantial attention to diagnosing problems in reading skills development.

- 3. Does your program prepare special education teachers to:
 - a. teach students with disabilities effectively
 - Yes
 - No
 - Program does not prepare special education teachers
- b. participate as a member of individualized education program teams

	c. teach students who are limited English proficient effectively
	Yes No Program does not prepare special education teachers
4	Provide a description of the evidence your program uses to show that it prepares special education teachers to teach students with disabilities effectively, including training related to participation as a member of individualized education program teams, as defined in section 614(d)(1)(B) of the Individuals with Disabilities Education Act, and to effectively teach students who are limited English proficient. Include planning activities and a timeline if any of the three elements listed above are not currently in place.
	N/A

Yes No

Program does not prepare special education teachers

SECTION VII: CONTEXTUAL INFORMATION

Contextual Information

On this page, review the contextual information about your program. If you submitted an IPRC last year, this section is pre-loaded from your prior year's report; please review and update as necessary.

After reviewing and updating as necessary, save the page using the floating save box at the bottom of the page.

THIS PAGE INCLUDES:
>> Contextual Information

Contextual Information

Please use this space to provide any additional information that describes your teacher preparation program(s). You may also attach information to this report card (see below). The U.S. Department of Education is especially interested in any evaluation plans or interim or final reports that may be available.

In January 2018 we successfully completed our state accreditation review with a unanimous decision by the lowa State Board of Education to grant full approval of our program through the year 2023.

Supporting Files

No files have been provided.

You may upload files to be included with your report card. You should only upload PDF or Microsoft Word or Excel files. These files will be listed as links in your report card. Upload files in the order that you'd like them to appear.

Report Card Certification

Please make sure your entire report card is complete and accurate before completing this section. Once your report card is certified you will not be able to edit your data.

Enrollment Confirmation

Total Title II enrollment from Section I: Program Information, Enrollment is 88.

Number of program completers from Section I: Program Information, Program Completers is 33.

For a total enrollment of 121.

I certify the total enrollment shown above is correct.
