KEEP IN MIND: The average room size in first-year halls is 12 feet x 15 feet for two people. Plan to bring only what you need for move-in and pick up additional items after move-in day. Remember the furniture in your residence hall room must remain in your room for the year. You are responsible for this furniture during your time here, and unfortunately Coe does not have the ability to store it elsewhere.

MOVE-IN DAY PROCEDURES

Move-in day for new first-year students is
SATURDAY, AUGUST 22,
FROM 7:00 AM TO 11:00 AM.

Please refer to the following section for step-by-step instructions.

STEP 1

Head to campus using the directions in this Move-In Guide. Check in to your residence hall in your hall's lobby to receive your room key and ID card. You then will be guided by move-in volunteers to the unloading zone for your residence hall. Please follow the instructions of the volunteers on this day — they control the flow of traffic (and prevent you from getting stuck!). If you did not submit a photo for your ID, stop by Student Life in Upper Gage.

STEP 2

Arrive at the unloading zone for your hall. From there, CoeHaul and other volunteers will unload your belongings from your vehicle and move them to your room. Once your belongings are out of your vehicle, please move your vehicle to one of the designated parking areas on the move-in map. Someone must stay with the vehicle during unloading at all times.

STEP 3

Unpack your belongings and set up your room. Please take trash and recycling to the designated areas outside of your building. A large recycling container will be located between Armstrong and Murray halls. Please use this for any recyclable materials. Resident Assistants will be available to help you begin filling out your Room Condition Form through Residence by Symplicity.

STEP 4

Orientation programming will begin after lunch. Get excited for your first day of Orientation at Coe!

WHO'S WHO IN RESIDENCE LIFE

Resident Assistants: Resident Assistants (RAs) are pre-professional student staff members. Your RA will live on your floor and help create community among you and your floormates. They are often a go-to person for any questions or concerns you may have — they are very knowledgeable about campus and will help you through your transition to Coe.

Senior Resident Assistants: Senior Resident Assistants (SRAs) are upper-class students who have experience being an RA for at least one year. Your SRA will live in your building and supervises all of the RAs within it. SRAs relay issues regarding the residence hall to their Assistant Director and work together to solve these.

Assistant Directors: Assistant Directors (ADs) oversee the residential facilities and student staff that make up Residence Life. They're highly trained professional staff members who also live on campus and work with the SRAs and RAs to provide a great Coe Experience.

Director of Residence Life: The Director of Residence Life is responsible for the administration and oversight of residence life to ensure a smooth transition. The Director of Residence Life, and the entire residence life team, strives to create a safe environment that enhances the learning experiences from enrollment to graduation.
