

Study Abroad in South Korea

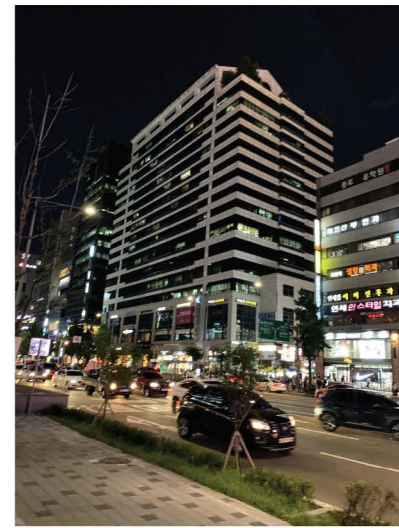

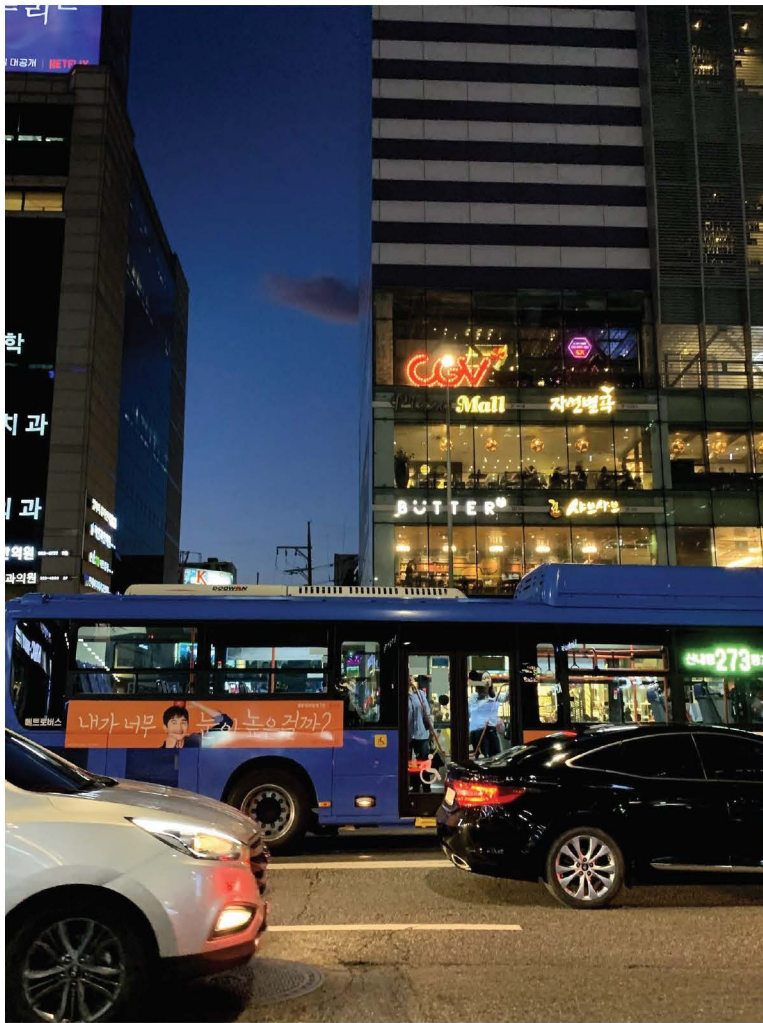

Contents

- Exchange School in Korea
- Location of school
- City visited
- Pictures of seoul, Busan, and Gangnam that I took
- Pictures of intentional friends.

Sookmyung Women's University

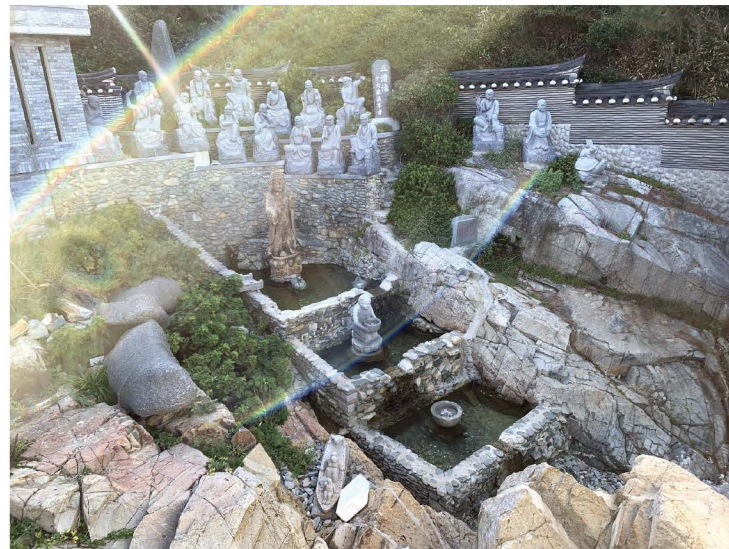

Seoul

Gangnam

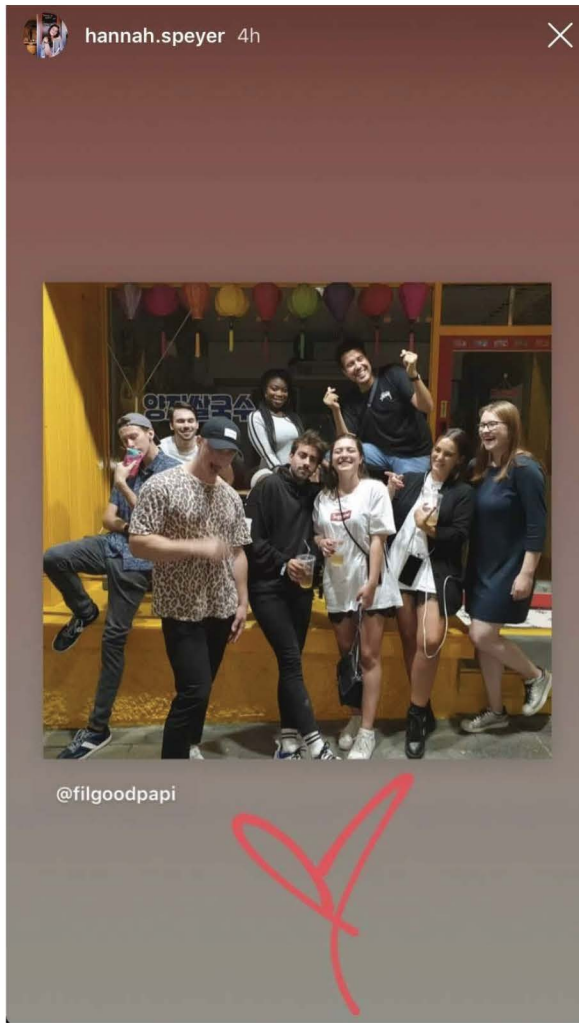

Overall Experience

Studying abroad in South Korea was the best experience of my life. I got the opportunity to immerse myself in the Asian specifically the Korean culture. This gave me a new perception of my life especially the things that I am grateful for. I gained new friends and had an amazing fun and learning experience. I will always recommend others to study abroad if they get the chance to. They won't regret it.
